The ceiling should be at least 2400mm high to facilitate installation.

The Soho, closeup

Special acoustic felt

- The interior felt looks and feels great. It's sound absorbing too.
- -31 db, or 44% noise reduction, from "*traffic*" to "*quiet library*" noise levels*.

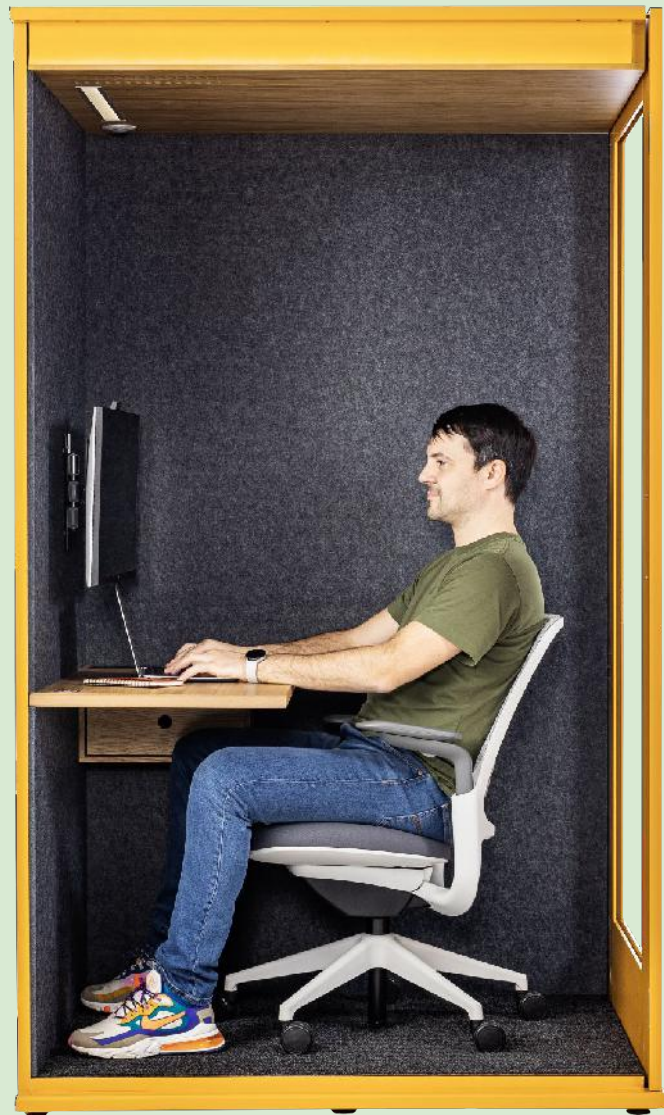

Fully equipped

- A motion sensor activates the LED light as well as the 2x ultra-silent ventilation fans.
- The fans extract 208 m³ / hour. This means the air is refreshed every minute.
- The Soho comes with a socket, USB-A & -C charge ports and a wireless phone charger.

Scratch resistant shelf

- Enough space to place all your gadgets.

*Based on testing where a noise source of 70 decibel ("traffic" per the dB Meter tool) was placed inside the booth, resulting in a reduction to 39 decibel measured from outside of the booth ("quiet library" per the dB Meter tool)

NEW: The Soho Workstation

Your private office in an open plan setting

- A deeper version of the bestseller Soho model: **fits an office chair** ([see images](#)).
- Add a monitor to the back wall (monitor mount included).
- Get our [monitor & office chair add-on package](#).
- Extra deep shelf for more workspace.

Certifications:

We are one of the very few European phone booth & meeting pod manufacturers whose products are tested and certified by TÜV-SÜD with regards to:

- Product safety
- Electrical safety
- Factory safety

Access our [TÜV-SÜD certificate](#).

The image shows the EcoVadis logo, which consists of the word 'ecovadis' in a lowercase, sans-serif font. The 'v' is stylized with a green leaf-like shape integrated into it.

Our sustainability measures have been assessed by EcoVadis. Our overall score exceeds the industry average score, in particular with regards to environmental initiatives.

Our contribution to the environment:

800

The number of recycled plastic water bottles contained in the acoustic felt of one of our office phone booths.

50

The number of trees we'll plant in Madagascar per booth sold. The trees will extract over 15 tonnes of CO2 from the atmosphere over their lifetime.

(we plant trees worth £10 per booth sold via *Ecologi* - [see our impact](#))

2

The number of solar lights we'll donate to families in Zambia per booth sold, resulting in 2 tonnes of CO2 saved by not burning kerosene lamps, while providing 2,000 extra hours of child study time.

(we donate £10 per booth sold to [Solar Aid](#))

"Surely we all have a responsibility to care for our planet. The future of humanity and indeed, all life on earth, now depends on us." - Sir David Attenborough
