

Hanging PET Dividers

Workspace Dividers

Koala Workspace Dividers are made from premium acoustic panels and recycled PET material (recycled bottles) and come in an extensive range of designs and colours. These dividers act as a physical division between spaces within offices or other rooms, whilst also introducing some added acoustic absorption to reduce overall noise. Dividers are suspended from the ceiling. The suspended design means that the dividers do not take up any floor space, leaving more room for furniture and equipment. With so many designs to choose from, there is sure to be an option that complements the existing decor of any office or workspace. Upgrade your office today with Koala Workspace Dividers.
